HIGH CARBON STEEL, FULLY HANDCRAFTED KNIVES.

Our Anvil knives stand as a fusion of high carbon steel and quality olive wood handles, resulting in a contemporary yet rugged aesthetic.

Designed in three sizes – Butcher, Chef's knife, and Utility – our collection caters to BBQ enthusiasts seeking a premium slicing experience without breaking the budget. The Anvil knives are more than just kitchen tools; they are eye-catchers, seamlessly blending into any culinary setting or outdoor adventure.

In our humble opinion, they make the perfect gift for any aspiring cook, adding an element of fun to every slicing and dicing session. Crafted entirely by hand from inception to completion, these knives boast high-quality carbon steel for durability and performance.

Our knives come in various sizes, but also as a steak knives set. We only use the best materials such as high carbon steel, olive wood and ebony wood.

These knives come with an extended 10 year warranty for any major defects.
