

Laguiole

DU MONDE

FRENCH LUXURY TIMELESS DESIGNS

You are already familiar with Laguiole steak knives, which have been made since 1829 in the town of Laguiole.

Crafted with precision, each Laguiole Steak Knife in our collection embodies the spirit of the first Laguiole knives created nearly 200 years ago.

The blades, made from high-quality 440 stainless steel, ensure unparalleled sharpness and durability, promising a seamless dining experience.

The handles, adorned with intricate patterns, pay homage to the heritage that defines Laguiole cutlery.

Beyond their aesthetic allure, these steak knives are crafted to elevate your dining experience. Our non-serrated blades as well as our serrated blades effortlessly glide through meats, ensuring a perfect cut every time.

Their ergonomic design and balanced weight provide a comfortable grip, making them a joy to use at any dinner party.
